INDEPENDENT DEVELOPMENT PROJECTS

- **Personal Site:** leveraged a variety of innovative technologies to bring you an immersive and engaging browsing experience. Utilizing HTML5, CSS3, JavaScript, and jQuery all tracked using GitHub and displayed to you with FileZilla.
- **StoreFront:** Created a secure application for managing product data. The application is built to simulate an online store front with a shopping cart. Administrators have the ability to manage products, categories, and vendor data.
- **S.A.T. Scheduling Administration Tool:** Created a secure application for managing product data. The application is built to simulate an online class scheduling system. Administrators will have the ability to manage students, courses, scheduled classes, and enrollments.

WORK EXPERIENCE

Head Shift Manager, Five Guys

08/2020 – 08/2023

Overland Park, Kansas

- Supervised and managed a team of colleagues throughout each shift. Provided guidance, assigned tasks, and ensured every member adhered to company policies, procedures, and safety regulations.
- Monitored inventory levels throughout the store including ingredients, supplies, and materials to ensure the restaurant had the necessities to operate fully.
- Managed all coaching of newly hired employees with the correct strategies and responsibilities. Provided guidance and feedback whenever it was needed.
- Managed any conflict or complaints made by customers each shift while ensuring that all parties involved were at ease.
- Maintained a consistent relationship with every customer while coaching all staff. Addressed any concerns and ensured customer experience positive.
